Striking at the Roots

Introduction

At New Beginnings Charity, located in Bloemfontein, we are committed to fostering growth and development within our community. Our Internship Program is a cornerstone of this commitment, designed to provide less privileged and driven individuals with valuable, hands-on experience across various aspects of our organization. This initiative aims to equip participants with practical skills and insights essential for their future careers while supporting our mission of community enhancement.

Program Objectives

- **Skill Development:** Participants in our Internship Program will gain exposure to and develop skills in key areas of our organization, including program management, fundraising, community outreaches, administration, animal welfare and much more. Interns will work on impactful projects and tasks that align with their interests and career goals.
- **Practical Experience:** Interns will be actively involved in meaningful and real-world projects that contribute to our charitable mission. This hands-on experience will provide them with practical knowledge and a deeper understanding of the challenges and opportunities within the non-profit sector.
- **Career Advancement:** We are dedicated to supporting the career development of our interns through comprehensive mentorship and professional guidance. Our goal is to help interns achieve their career aspirations and enhance their employability within the non-profit and broader sectors.

Program Overview

- **Duration:** The internship lasts 2 years, offering ample time for interns to engage deeply with our projects and gain extensive experience.
- **Hours:** Interns are expected to commit 5 days a week, with a flexible schedule designed to accommodate both their academic and professional commitments.
- **Compensation and Sponsorship:** While our internships are generally paid out of our Charity funds, we offer a unique sponsorship program to assist participants in securing financial support. We encourage candidates to explore sponsorship options, as preference will be given to those who have secured financial backing.
